Services description	Prague Smart point is divided into two separate physical locations, which are in regular and close contact and cooperation. Each of the locations (InovaJET and Prague 14 District) serves different purposes. Prague 14 District part of the Smart Point provides basic legal and accounting consultancy for the emerging entrepreneurs. InovaJET part of the Smart point provides more sophisticated consultancy in areas of idea and business development. It has connections to several mentors and experts on various fields and can provide personal coaching. One of the features of the Smart point in Prague is, that it can provide temporary infrastructure for the emerging entrepreneurs (physical space, connection to the Internet, etc.) as well.
Partners	UNYP- University of New York in Prague- one of the major partners, Smart point develops with UNYP specialized training course for emerging entrepreneurs.
